## A WORD OF WELCOME FROM THE EDITORS

Dear Colleagues, Readers and Authors,

The members of publishing team of the journal CERES are glad to present to you next number. We would like to recall that the Central European Researchers Journal has been created under the CERES project titled as "Centers of Excellence for young REsearchers" (ref.no.: 544137-TEMPUS-1-2013-1-SK-TEMPUS-JPHES). This fact causes the journal politic and publications specifics and context. The journal is established as the opportunity facility to support of investigations of young researchers and PhD student. It is an essential journal's mission. The project is finished a year ago and the journal was in new conditions. Of course, the mission of the journal will be saved and continued. But new environment and conditions for the journal development cause reorganization of the publishing team. The Editorial Board will be reorganized at the first step. The journal scope will be modified too. We hope that this reorganization will improve the journal popularisation and its status.

We thank all authors and readers who were with the journal CERES. Your help is a journal sustainability. We thank all reviewers. Your work was appreciated and useful for the journal formation. The list of reviewers is published for every year in the second number of journal (you can find it in the first separated file of number under title "Front Cover/ Editorial Board/ Table of Contents"). Our special thanks to the technical editor Dr. Jozef Kostolny from University of Zilina (Slovakia). Dr. Jozef Kostolny created the journal design. He been elaborated and maintained the technical platform, prepared and uploaded all journal's numbers.

We believe that new publishing team will improve the journal and all authors and readers will stay with the journal.

With best wishes

*Prof. Vyacheslav Kharchenko*
